PROFESSIONAL SUMMARY

I am Passionate Full Stack (MERN) Developer currently pursuing a DAE in Software Technology (2nd year). Recently completed a 3-month internship at Aykeys as a Frontend Developer, gaining hands-on experience in building responsive web applications. Skilled in React, Node.js, MongoDB, and TypeScript. Actively learning advanced web development techniques and dedicated to creating modern, efficient, and scalable applications.

EXPERIENCE

Aykeys

Aug 2025 — Nov 2025

Frontend Developer

Pakistan

- Developed responsive web applications using React and TypeScript with clean UI and reusable components.
- Integrated Firebase (Auth, Firestore, Hosting) to enable secure login, real-time data, and smooth deployment.
- Built dashboards and scheduling tools using Chart.js and FullCalendar.js for better data visualization and planning.

Skytech

Feb 2025 — Mar 2025

Frontend Developer

Pakistan

- Developed a responsive company website for Skytech using React.js, implementing clean UI, reusable components, and modern frontend best practices.
- Collaborated with a team to build Skymart and an apartment management website, integrating React.js and Tailwind CSS for interactive and user-friendly interfaces.
